## Looking for opportunity to step in IT

I have been learning web development for more than a year creating my own projects - from an idea to the implementation. I would be happy to join a company in which I could use JavaScript and React on daily basis (ideally in e-commerce). To see what I have learnt until now, you may access my GitHub repository: <https://github.com/zwados/>

### My projects:

<https://zwados.github.io/weatherly/> - REACT, SASS, GoogleMaps JS API, OWM API,

<https://zwados.github.io/vet-page/> - HTML, JavaScript, SASS, Bootstrap

<https://zwados.github.io/decorating-services/> - HTML, SASS, JavaScript
